Facility

# What's next in inclusive insurance?

How to strengthen national Inclusive Insurance agendas on the country level?

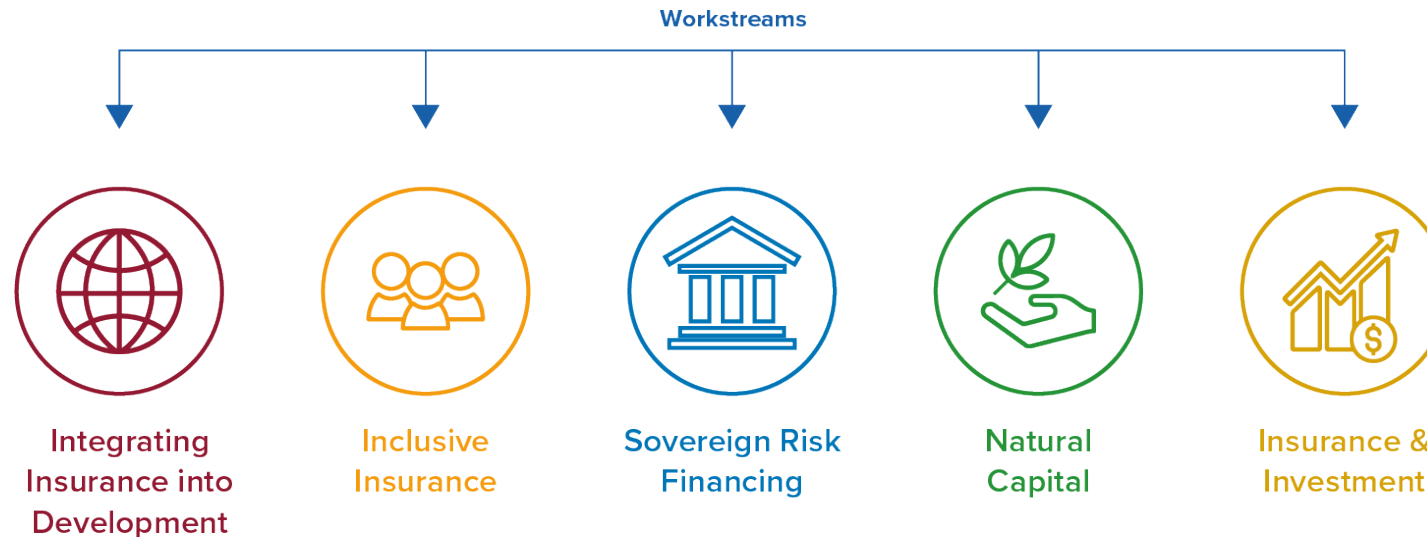

Miguel Solana

29 November 2021

# UNDP and the IRFF

- The UN's development agency - UNDP plays a critical role in helping countries achieve the Sustainable Development Goals
- UNDP works primarily through its offices in about 170 countries and territories
- On 25 September 2021 the Insurance & Risk Finance Facility was officially launched
- The IRFF mandate is to provide innovative insurance and risk finance products and services to vulnerable people and communities while also working in the long-term transformation of insurance markets

## Within UNDP

Build the capacity of UNDP Country Office staff to understand insurance and its role in development

- Better integration of insurance into local development initiatives
- Programmatic approach to mainstream insurance as a tool in the work with national governments
- Implementation of the work of the IRFF is based at the

# Work at the country level

## Work is kicking off through a diagnostic on all five workstreams of the IRFF

- For inclusive insurance this is not the first time that this is done
- Capturing the past and current work of players and partners on the subject at the country level
- Set the work plan for activities of the national work of the IRFF

## Focus on partnerships

- UNDP can convene and coordinate but it tries to build up on the experience and capacity of local organizations
- Partnerships are global and local trying to catalyze the best experiences and possible collaborations

## Integration of insurance to development frameworks

- Importance of building the capacity of governments and public programmes about insurance and its role to support their objectives

## Outreach and value for beneficiaries

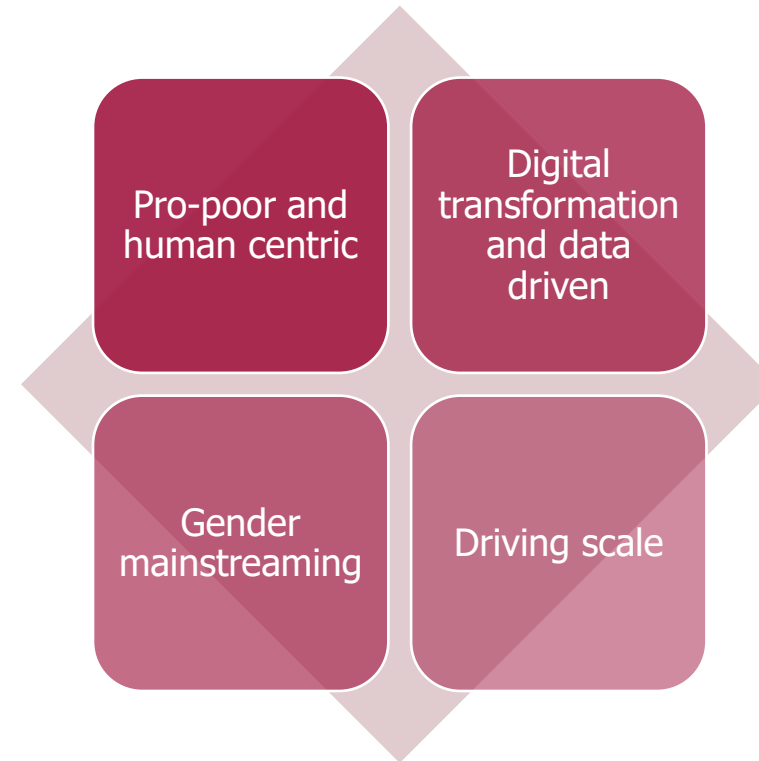

- Contributing to the results of the Insuresilience Global Partnership
- Importance of client value and how to best respond to client needs

# Driving the national inclusive insurance agenda

- **Market transformation**

- **Inclusive insurance solutions**
