Saving
Lives
Changing
Lives

Digitized registration and data collection for thousands of vulnerable households

41 Village Councils Trained and equipped to transition to digitized payment reconciliation

WFP contributes annually 10.7% towards Government's premium payment to CCRIF

CCRIF PAYOUTS FROM DISASTERS

2015 Tropical Storm Erika

Dominica received a payout for Tropical Storm Erika of US\$2.4 million from CCRIF under its excess rainfall policy. The payout was used to effect immediate repairs.

2017 Hurricane Maria

All CCRIF payouts were within 14 days of the event. Dominica's total payout for Maria was US\$20.3 million - the country received US\$19.3 under its tropical cyclone policy and US\$1.05 million under its excess rainfall policy. In terms of use of this payout, the government used US\$15.4 million for clean-up and restoration work and US\$4.95 million for the Installation of temporary Bailey Bridges.

We're out of time...

Thank you!
